**Certification Under 37 C.F.R. 1.97(e):**

Each item of information listed above herein was first cited in the International Search Report issued by the European Patent Office (in its capacity as International Searching Authority under the Patent Cooperation Treaty) in respect of a counterpart application (International Application No. PCT/CA2004/000478). Said International Search Report was mailed to the Applicant's agent by the EPO on July 16, 2004 which is less than three months prior to the filing of the present Supplemental Information Disclosure Statement.

Also enclosed for reference is a copy of the said International Search Report.

It is the Applicant's belief that the invention claimed in the present application is not described in any of the listed references, and is not rendered obvious by the listed references whether considered separately or in combination with other references.

It is respectfully requested that the listed references be considered and made of record in the prosecution of the present application, and that they be made to appear among the references cited on any patent issued from the application.

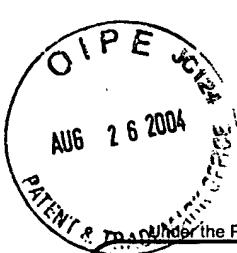

Submitted on behalf of the Applicant
